

Serial No.: 10/072,429

IN THE CLAIMS:

1. (Currently Amended) A set of golf club irons, each iron of said set having a head, said head having a rear face, said rear face having a cavity bounded by a plurality of walls, wherein said plurality of walls comprises at least one lower wall forming a sole and an upper wall, said upper wall having a plurality of faces, said plurality of faces comprising a rear face, an upper face, a lower face facing the cavity and a plurality of lateral faces, wherein said head comprises at least one recess in the upper wall and said at least one recess opens onto ~~a single~~ the rear face of said upper wall, the recess being elongate in the main direction of the upper wall, ~~away from the upper and lower faces,~~ and wherein, ~~at least one of a volume and a position of~~ said at least one recess inside said upper wall ~~varies in distance relative to said upper face from one iron to another within said set, to cause the center of gravity of each head to vary in distance relative to said upper face from one iron to another.~~

2. (Cancelled)

Serial No.: 10/072,429

3. (Withdrawn) The set of golf clubs as claimed in claim 1, wherein the recess opens onto a lateral face of the upper wall.

4. (Withdrawn) The set of golf clubs as claimed in claim 3, wherein the recess opens onto the lateral face of the upper wall located at the toe side of the head.

5. (Cancelled)

6. (Withdrawn/Previously Amended) The set of golf clubs as claimed in claim 2, wherein the recess is cylindrical.

7. (Previously Amended) The set of golf clubs as claimed in claim 1, wherein the recess is filled with a low-density material.

Serial No.: 10/072,429

8. (Original) The set of golf clubs as claimed in claim 1, wherein the volume of the recess represents between 0.4% and 5% of the volume of the head.

9. (Withdrawn) The set of golf clubs as claimed in claim 1, wherein the distance separating the recess or recesses from the hosel increases from the long irons, that is to say the ones with low numbers, to the short irons, that is to say the ones with high numbers.

10. (Withdrawn) The set of golf clubs as claimed in claim 1, wherein the distance separating the recess or recesses from the hosel decreases from the long irons, that is to say the ones with low numbers, to the short irons, that is to say the ones with high numbers.

11. (Original) The set of golf clubs as claimed in claim 1, wherein the volume of all the recesses decreases from the long irons to the short irons.

Serial No.: 10/072,429

12. (Original) The set of golf clubs as claimed in claim 1, wherein the number of recesses decreases from the long irons to the short irons.

13. (Withdrawn) The set of golf clubs as claimed in claim 1, wherein the distance separating the recess or recesses from the upper face of the upper wall varies from one club to another.

14. (Withdrawn/Previously Added) The set of golf clubs as claimed in claim 3, wherein the recess is cylindrical.

15. (Previously Added) The set of golf clubs as claimed in claim 7, wherein said low-density material comprises a polyurethane foam.
